

IS TAP WATER REALLY SAFE TO DRINK?

Hidden contaminants remain in every drop.

It's only safe with

AQUAREDOX

The world's first high redox technology
Based on advanced oxidation–reduction principles

Meet	
Parameter	Details
Product Name	AQUARedox
Technology Type	High-Resolution Redox-Media
Base Material	High-Class Activated Coconut Carbon
Coating Composition	MOFs (Metal-Organic Frameworks) 70% Copper-Coating + 30% Zinc-Coating
Appearance	Granular, Dark Grey/Black
Regeneration	Fully regenerable with OxyDes-P
Toxicity	Non-Toxic, Environmentally Safe

Certified as to
NSF/ANSI/CAN 61
by IAPMO R&T
