

FilterSorb MG[®]

PREMIUM SYSTEMS

THE FUTURE OF BIO-AVAILABLE HYDRATION

THIS SYSTEM SHOULD NOT BE MISSING IN ANY RESIDENTIAL BUILDING IN THE ENTIRE WORLD.

Because every family deserves perfect water.
Every home deserves protection.
Every life deserves better.

Mg²⁺

THERAPEUTIC MAGNESIUM

For vitality, heart safety & better hydration

0%

ZERO SCALE

NAC Technology
99.6% Peak Efficiency

CHEMICAL FREE

CHEMICAL FREE

EDTA-Free
100% Natural & Sustainable

HOME PROTECTION

HOME PROTECTION

Protects pipes & appliances for longer life

FILTERSORB MG[®] SYSTEM DESIGN TABLE

Design Rule : 4 Liters FilterSorb MG[®] per 1 m³ of Water Flow
Tank Size: 4-5 Times Media Volume
Life Expectancy: 5-7 Years

Flow Rate (m ³ /h)	Flow Rate (GPM)	FilterSorb MG [®] Media Needed (Liters)	Media in Gallons	Recommended Tank Volume (4-5× Media)	Tank Volume in Gallons
30	132	120 L	31.7 gal	480-600 L	127-159 gal
35	154	140 L	37.0 gal	560-700 L	148-185 gal
40	176	160 L	42.3 gal	640-800 L	169-211 gal
45	198	180 L	47.6 gal	720-900 L	190-238 gal
50	220	200 L	52.8 gal	800-1000 L	211-264 gal
55	242	220 L	58.1 gal	880-1100 L	232-291 gal
60	264	240 L	63.4 gal	960-1200 L	254-317 gal

MINIMUM INLET PRESSURE

1 Bar
14.1 PSI Minimum

BUILT TO LAST

High-quality vessel construction for maximum durability and reliability.

ZERO COMPROMISE

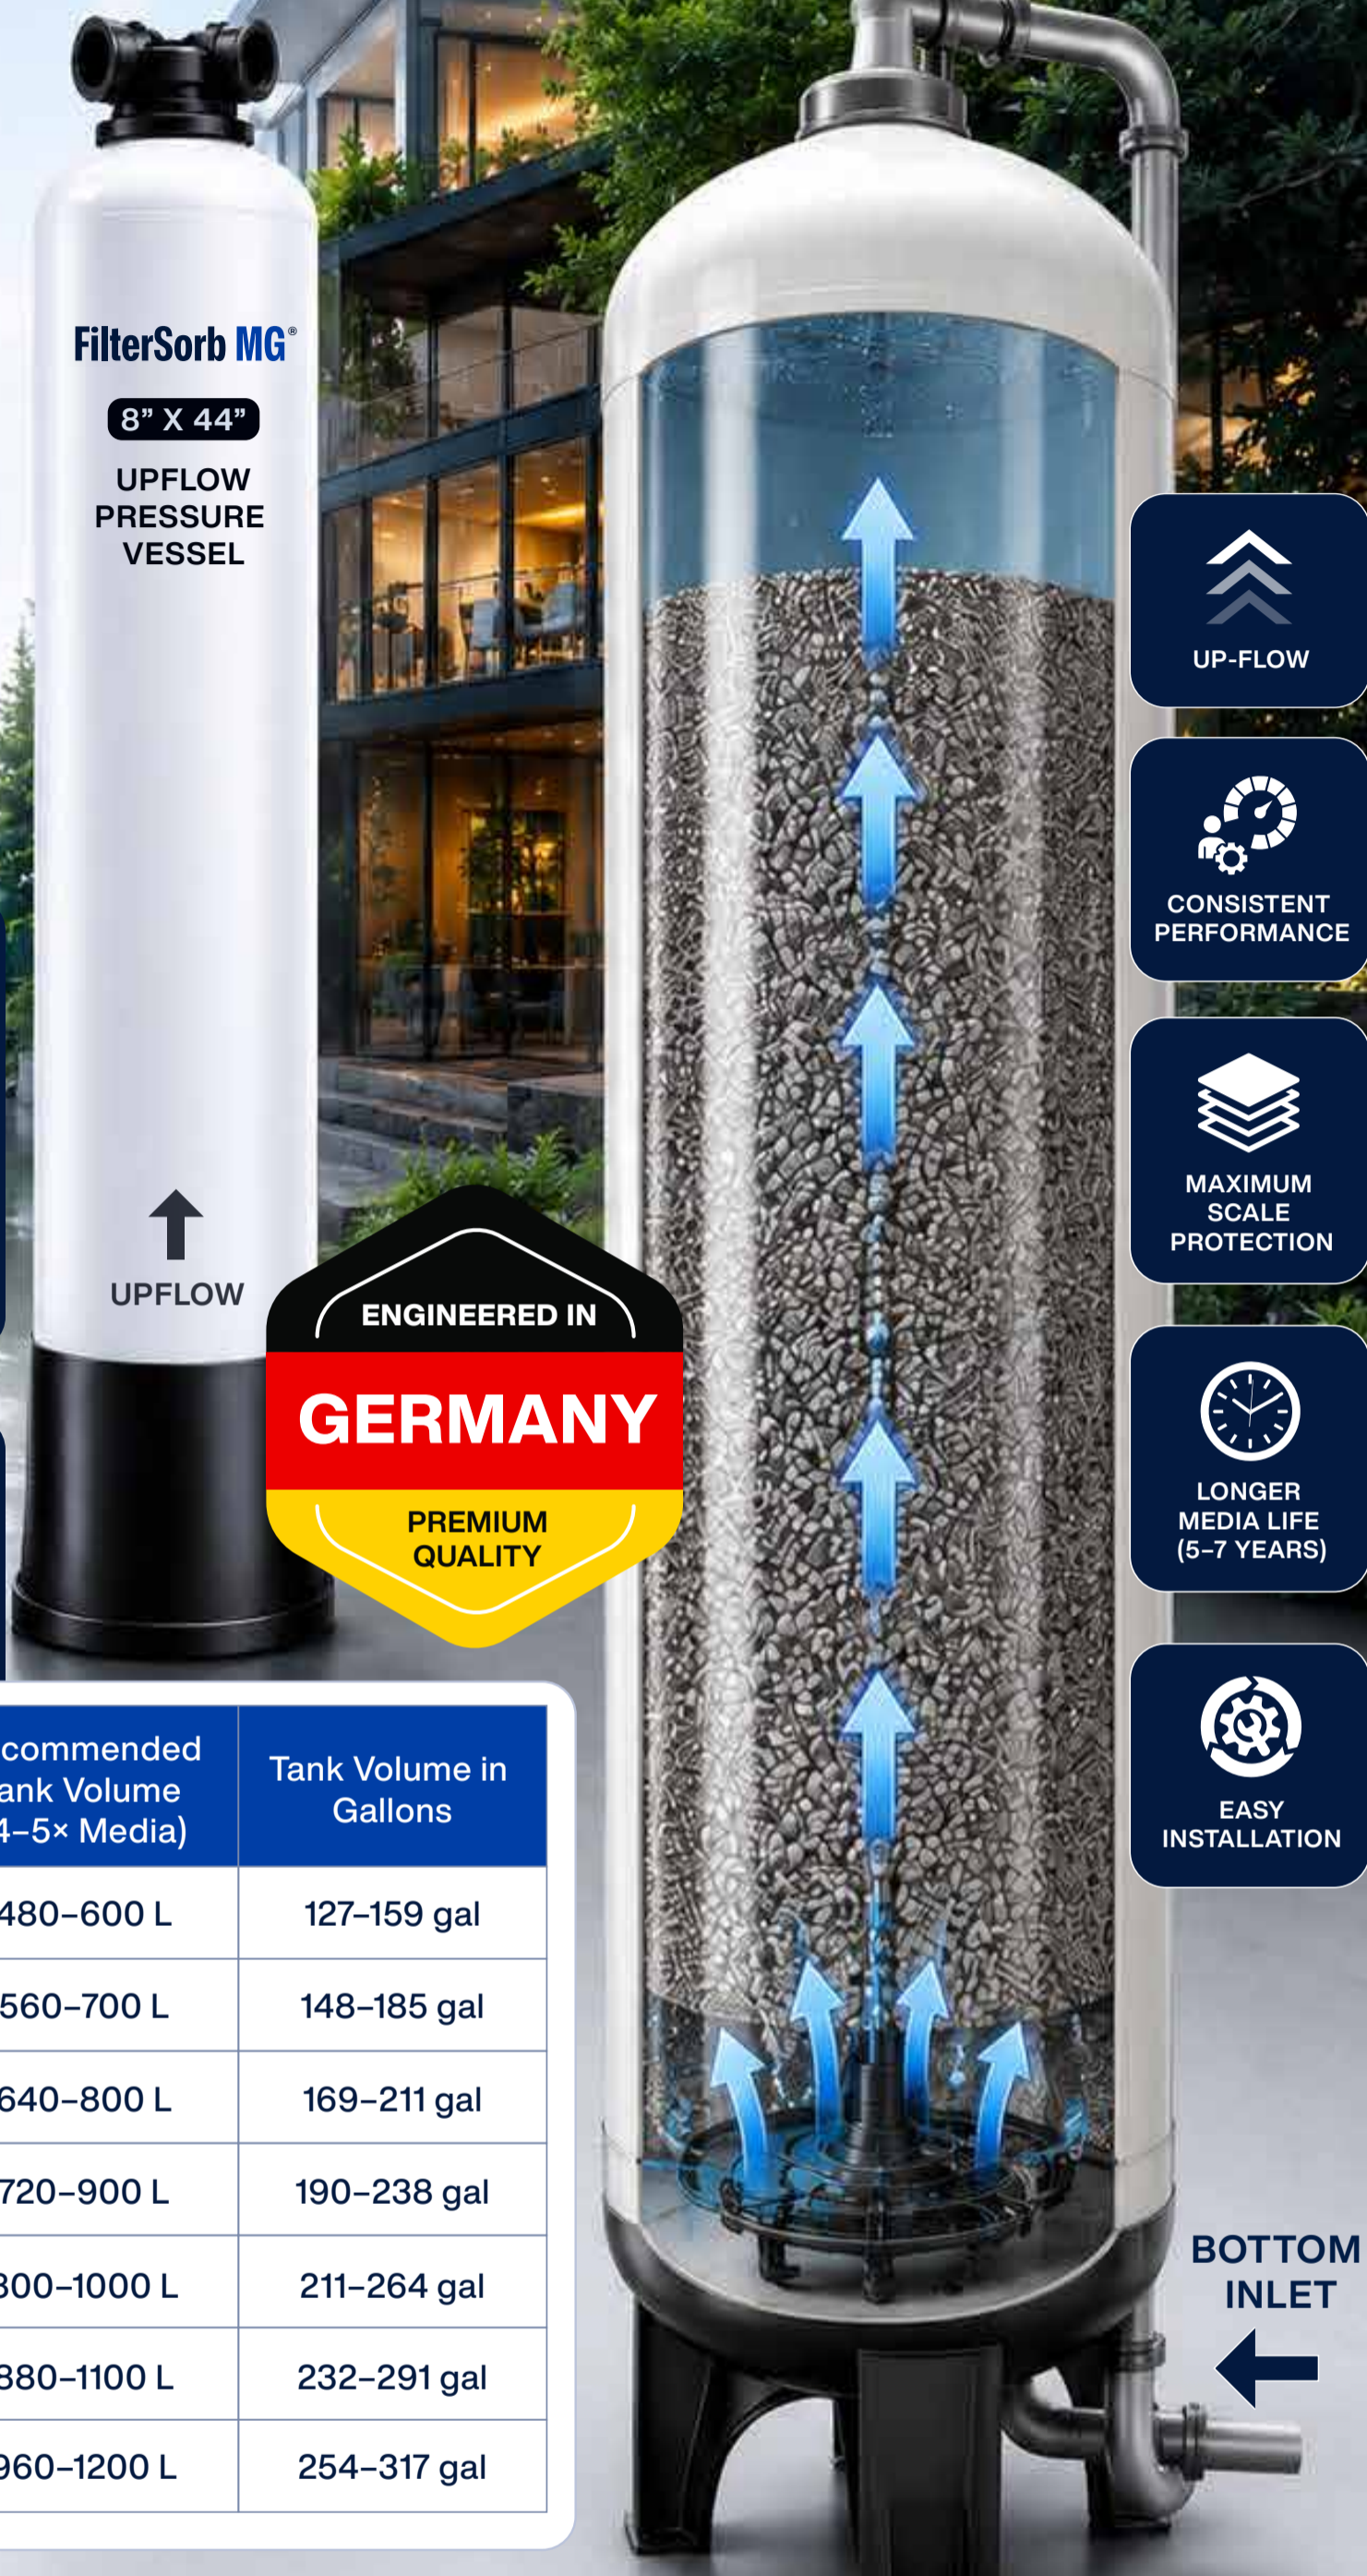

Zero chemicals
Zero scale
Pure physical catalysis

BETTER WATER. BETTER LIFE.

For your family.
For your home.
For the future.
