FilterSorb SPG

GRAPHENE-COATED SCALE PREVENTION

“For years, we’ve been forced to choose speed and quality of scale prevention.”

Today, we are changing that completely.

Introducing FilterSorb SPG

WORKS 40× FASTER*

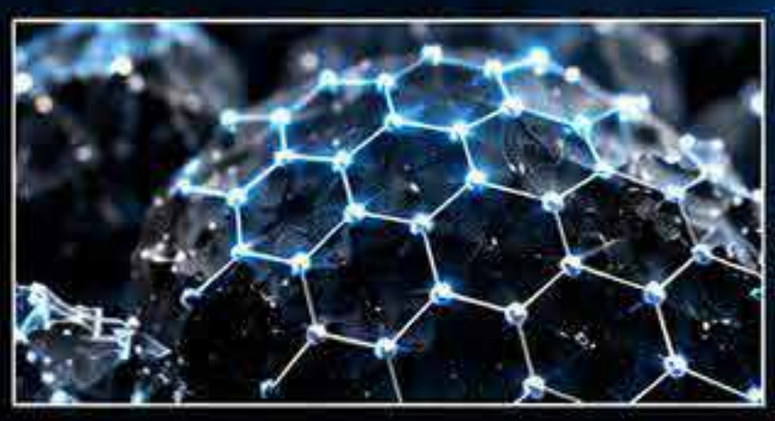

Surface illustrations

OLD WAY
Conventional media surface

NEW WAY
Graphene-coated surface

“**This isn’t just an upgrade; it’s a completely new way to work.**”

WATCH WATER GmbH

*40× faster is a manufacturer-stated claim. Comparison method and test conditions to be confirmed.
Campaign concept
