

PURE WATER
PURE LIFE

HARDNESS TRAPP[®]

STRONG CAPACITY HARDNESS MEDIA
— **SOLVENT-FREE TECHNOLOGY** —

POWERFUL HARDNESS CONTROL. PURE WATER PERFORMANCE.

HARDNESS TRAPP[®] is a next generation strong capacity hardness media designed for high performance hardness removal. Manufactured without solvents, it delivers exceptional capacity, stability and efficiency for drinking water and industrial applications.

SOLVENT-FREE TECHNOLOGY

Manufactured without solvents for a cleaner planet

FOOD GRADE QUALITY

Safe and reliable for drinking water applications

PURE WATER PERFORMANCE

Consistent results for long term protection

KEY BENEFITS

- ✓ Rapid hardness capture with high operating capacity
- ✓ Excellent utilization of total capacity
- ✓ Low salt and rinse water consumption
- ✓ Uniform flow distribution for maximum efficiency
- ✓ Stable performance across a wide pH range
- ✓ Allows deeper bed depth for higher productivity
- ✓ Ideal for systems with regular disinfection

APPLICATIONS

Residential
Water Softeners

Municipal
Water Treatment

Industrial
Process Water

Boiler & Cooling
Water Systems

STRONG CAPACITY

Engineered for high capacity hardness capture and longer service life.

LOW SALT USAGE

Reduced regenerant consumption saves operating costs.

LOW RINSE WATER DEMAND

Efficient rinsing for less water usage and waste.

LOW PRESSURE DROP

Designed for optimal flow and minimal energy consumption.

EXCEPTIONAL STABILITY

Chemically and osmotically stable for reliable performance.

ADVANCED
TECHNOLOGY

ENGINEERED FOR
PERFORMANCE

TRUSTED FOR
PROFESSIONALS

SAFE FOR PEOPLE
& ENVIRONMENT

ENGINEERED FOR PURITY.
DESIGNED FOR THE FUTURE.
BETTER WATER. BETTER LIFE.
