

INSTANT I-SOFT

The Instant Green Alternative to Ion Exchange Softeners

ION EXCHANGE SOFTENERS

- ◆ Works like a softener
- ◆ Adds sodium to water
- ◆ Requires regeneration (100+ years)
- ◆ Salt bags
- ◆ Brine discharge

INSTANT ACTION

- ◆ Instant Action - instant product, diluted before application
- ◆ Works like a softener - prevents scale, stabilizes hardness, and protects pipes and equipment as a conventional water softener would
- ◆ Zero Sodium Addition - does not replace calcium and magnesium with sodium
- ◆ No regeneration brine - eliminates salt, brine tanks, wastewater discharge, constant backflushing

VS

WHY IT IS A HUGE STEP

Replaces ion-exchange softeners (a century-old technology) with a green, instant chemistry

Protects health -
no sodium in drinking water

Protects the environment -
no chloride pollution

Certified as to
NSF/ANSI/CAN 60
by IAPMO R&T
