

# LonGeVa™ Media

THE WORLD'S FIRST MAGNESIUM BICARBONATE GENERATION TECHNOLOGY

## FROM WATER... TO CELLULAR LIFE

### THE GLOBAL PROBLEM

- Toxic water burden on human organs
- Magnesium deficiency worldwide
- Acidic body conditions (low buffering capacity)
- Poor cellular hydration
- Heavy metals & metabolic stress

→ RESULT: CELLULAR COLLAPSE

### THE BREAKTHROUGH (WATCH WATER TECHNOLOGY)

#### LonGeVa Media

= TrappSorb + FilterSorb SP3 + Advanced System Design

- Generates Magnesium Bicarbonate directly in water
- Creates a natural electrolyte environment
- Converts ordinary water into biologically active water

## MAGNESIUM BICARBONATE – NATURE'S PERFECT BALANCE

THE ULTIMATE COMBINATION OF MAGNESIUM + BICARBONATE FOR TOTAL CELLULAR WELLNESS

### WHAT MAKES IT REVOLUTIONARY

- Electrifies water (natural electrolyte formation)
- Enhances mineral absorption at cellular level
- Supports 600+ enzymatic reactions (Magnesium driven)
- Enables deep intracellular hydration (ICF + ECF balance)
- Provides powerful acid buffering (pH stabilization)

### CELLULAR IMPACT

- Boosts ATP energy production
- Activates enzyme systems
- Reduces systemic inflammation
- Supports mitochondrial performance
- Enhances metabolic efficiency

### DETOXIFICATION POWER

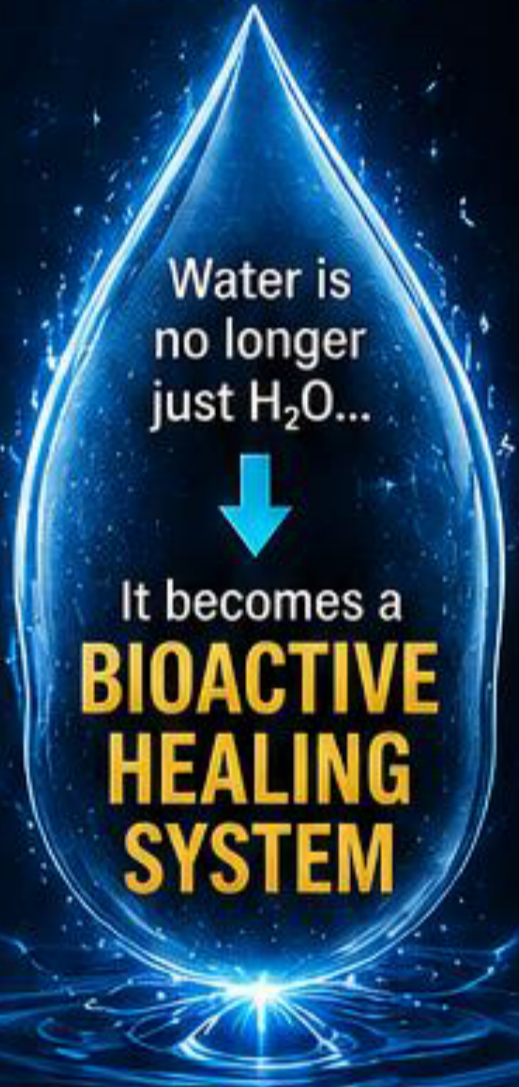

- Supports liver, kidney & pancreas function
- Helps chelate heavy metals
- Reduces toxic load on organs
- Improves gut health & microbiome environment

### SCIENTIFICALLY SUPPORTED BENEFITS

- Helps detoxify the body
- Reduces toxic burden on the organs
- Supports deep cellular hydration
- Facilitates nutrient & mineral absorption
- Enhances enzyme production & metabolic function
- Provides acid buffering effects
- Supports healthy gut, kidneys, liver & pancreas

### THE RESULT

### WHY THIS IS THE WORLD'S FIRST

- No conventional filter produces Magnesium Bicarbonate
- No system combines adsorption + mineral activation + buffering
- No media supports cellular hydration at this level

ONLY LonGeVA MEDIA DOES THIS

**“THE FUTURE OF WATER IS NOT FILTRATION... IT IS CELLULAR ACTIVATION.”**
